

# AIMAN HAKIM

Ipoh, Perak, Malaysia | aiman.hakim@example.com | +60 12-345 6789 | linkedin.com/in/aimanhakim

## PROFESSIONAL SUMMARY

Information Technology undergraduate with practical exposure to web development, databases, API integration, mobile application development, and AI-assisted recruitment systems. Interested in software development and IT internship opportunities where technical problem-solving, teamwork, and continuous learning can contribute to real organizational needs.

## EDUCATION

**Bachelor of Information Technology (Hons.)**

University in Malaysia

Expected 2026

Malaysia

## PROJECT EXPERIENCE

### JobMatch - Intelligent Recruitment and Job Discovery Platform

*Final-Year Project*

- Designed and developed a recruitment platform supporting job seekers and recruiters through profile management, job posting, applications, and candidate shortlisting.
- Implemented semantic job matching using Python, Sentence Transformers, and skill-coverage scoring to rank candidate-job compatibility.
- Integrated an Android Java frontend with a Node.js/Express REST API, MySQL/MariaDB database, and Python FastAPI NLP service.
- Implemented document upload and OCR processing for supporting documents and connected AI match results to recruiter and job-seeker workflows.

## INTERNSHIP / PRACTICAL EXPERIENCE

### IT / Web Development Intern

*Politeknik Ungku Omar - Ipoh, Perak*

- Gained practical exposure to web development and website maintenance activities.
- Supported technical tasks while applying programming, troubleshooting, and teamwork skills in a workplace environment.
- Developed greater familiarity with maintaining digital systems and communicating technical issues clearly.
