

FATIN NUR HANNAH BINTI MUHAMMAD ASHRAF

INFORMATION TECHNOLOGY UNDERGRADUATE | SOFTWARE, WEB & MOBILE DEVELOPMENT

Ipoh, Perak, Malaysia | 182370889 | fatin.ashraf@qiu.edu.my | Malaysian

PROFESSIONAL PROFILE

Information Technology undergraduate seeking an internship to apply and further develop skills in software, databases, UI/UX, cybersecurity, and machine-learning fundamentals. With hands-on experience in web development and maintenance at Politeknik Ungku Omar, and as creator of JobMatch, an intelligent recruitment and job-discovery platform, I aim to contribute technical, analytical, and problem-solving skills to support organisational digital transformation and technology-driven solutions aligned with sustainable development goals.

EDUCATION

Bachelor of Information Technology (Hons)

Quest International University, Ipoh

Diploma in Computer Science

Universiti Teknologi MARA (UiTM)

Sijil Pelajaran Malaysia (SPM)

SMK Raja Perempuan

EXPERIENCE

Information Technology Intern | Politeknik Ungku Omar

Sep 2022 - Feb 2023

- Supported web development and routine website updates for the institution.
- Assisted in maintaining web content so that published information remained current and clearly presented.
- Applied foundational web-development knowledge in a professional information technology environment.

SELECTED ACADEMIC PROJECT

JobMatch: An Intelligent Platform for Smart Recruitment and Job Discovery

Final-Year Project

- Conceived and created JobMatch as an intelligent platform focused on recruitment and job discovery to help users discover relevant job opportunities and support more efficient recruitment decisions.
- Drew on learning in software engineering, system analysis, human-computer interaction, databases, web technologies, NLP, OCR and machine-learning fundamentals.
- Aligned the project with SDG 8: Decent Work and Economic Growth and supported SDG 9: Industry, Innovation and Infrastructure.

TECHNICAL SKILLS

Programming: Java, JavaScript, Python, C++ and SQL

Web and mobile: HTML, CSS, Node.js, Express.js, and Android Studio

Databases and APIs: MySQL and RESTful APIs

Data and AI: Power BI, Microsoft Excel, NLP, OCR and machine-learning fundamentals (Basics)

Development tools: Git, GitHub, Figma and Postman

ACHIEVEMENTS AND PROFESSIONAL DEVELOPMENT

- Dean's List - November 2024 semester
- EF SET English Certificate - C2 Proficient
- Dean's List - April 2025 semester
- MY5G Ericsson Malaysia Pioneers Programme

RELEVANT COURSEWORK

Software Engineering; System Analysis and Design; Human-Computer Interaction; Web Technologies; Multimedia Technology and Development; Introduction to Cybersecurity; Programming in C and C++; Digital Skills and Services.
